GREEN CENTURY MSCI INTERNATIONAL INDEX FUND SUMMARY SECTION

Investment Objective

The Green Century MSCI International Index Fund seeks to achieve long-term total return which matches the performance of an index comprised of the stocks of foreign companies selected based on environmental, social and governance criteria.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	Individual Investor Class	Institutional Class
Shareholder Fees (fees paid directly from your investment)		
Maximum Sales Charge (Load) Imposed on Purchases	None	None
Maximum Deferred Sales Charge (Load)	None	None
Redemption Fee (as a percentage of an amount redeemed within 60 days of purchase)	2.00%	2.00%
Wire Redemption Fee/Overnight Delivery Fee (if such services are requested)	\$10/\$15	\$10/\$15
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	0.28%	0.28%
Distribution (12b-1) Fees	None	None
Other Expenses:		
Administrative Fees	1.00%	0.70%
Other Fees	None	None
Total Annual Fund Operating Expenses	1.28%	0.98%

Example

This example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. This example assumes that: (1) you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods; (2) your investment has a 5% return each year; and (3) the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

	1 Year	3 Years
Individual Investor Class	\$130	\$406
Institutional Class	\$100	\$312

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. Because the International Index Fund is a newly-formed fund that has yet to commence operations, no prior fiscal year turnover rate is available.

Principal Investment Strategies

The Fund invests substantially all of its assets in the common stocks which make up the MSCI World ex USA SRI ex Fossil Fuels Index (the World ex USA SRI ex Fossil Fuels Index or the Index), a custom index calculated by MSCI, Inc. The World ex USA SRI ex Fossil Fuels Index is comprised of the common stocks of the companies in the MSCI World ex USA SRI Index (the World ex USA SRI Index), minus the stocks of the companies that explore for, extract, produce, manufacture or refine coal, oil or gas or produce or transmit electricity derived from fossil fuels or transmit natural gas or have carbon reserves included in the World ex USA SRI (Socially Responsible Investment) Index. The World ex USA SRI Index includes large and mid-cap stocks from approximately 22 developed markets countries (excluding the U.S.). The World ex USA SRI Index is a capitalization weighted index that provides exposure to companies with what MSCI calculates to have outstanding Environmental, Social and Governance (ESG) ratings and excludes companies whose products have negative social or environmental impacts.

Green Century believes that those companies which pursue the least environmentally sound practices are at the greatest risk of brand and reputational damage and long term risk of negative economic consequences, while those which strive to be more environmentally responsible may benefit financially as a result. Green Century also believes that the use of ESG ratings creates an incentive for companies to become more sustainable.

Companies involved in industries that may impose substantial risks and/or costs on society are evaluated based on their level of involvement, their social and environmental impact and their governance practices. The International Index Fund does not invest in, and the World ex USA SRI ex Fossil Fuels Index excludes, companies that explore for, extract, produce, manufacture or refine coal, oil or gas or produce or transmit electricity derived from fossil fuels or transmit natural gas or have carbon reserves. Companies determined to have significant business involvement in the following will not be included in the World ex USA SRI ex Fossil Fuels Index: genetically modified organisms (GMOs), firearms, military weapons, nuclear power, alcohol, tobacco, adult entertainment and gambling.

The Fund buys and sells stocks so that the composition of its securities holdings will correspond, to the extent reasonably practicable, to the composition of securities in the World ex USA SRI ex Fossil Fuels Index. The weightings of the stocks in the World ex USA SRI ex Fossil Fuels Index are based on float-adjusted market capitalizations, which means the largest companies comprise a higher percentage of the World ex USA SRI ex Fossil Fuels Index and the Index is more heavily weighted in large than in small companies. As of August 31, 2016, the World ex USA SRI ex Fossil Fuels Index included companies with market capitalizations between approximately \$1.5 billion and \$155.7 billion. To the extent practicable, the Fund

will seek a correlation between the weightings of securities held by the Fund and the weightings of the securities of the World ex USA SRI ex Fossil Fuels Index of 0.95 or better. A figure of 1.00 would indicate a perfect correlation. The Fund's ability to duplicate the performance of the World ex USA SRI ex Fossil Fuels Index will depend to some extent on the size and timing of cash flows into and out of the Fund as well as the Fund's expenses. The Fund may use an optimization strategy to achieve its investment objective, which means that it may not always hold the same securities in the same proportions as the World ex USA SRI ex Fossil Fuels Index. Especially when the Fund is small, the optimization strategy may result in the Fund not holding a significant number of securities included in the Index, in an effort to reduce transaction costs while preserving the ability of the overall portfolio to approximate the performance and other characteristics of the Index.

Under normal circumstances and as a matter of operating policy, the Fund will invest at least 80% of its assets in the component securities of the World ex USA SRI ex Fossil Fuels Index and may invest in American Depository Receipts, Global Depository Receipts and Euro Depository Receipts representing the component securities of the Index.

Principal Risks

You may lose money by investing in the Fund. As with any mutual fund, there can be no guarantee that the Fund will achieve its objective. The following is a summary description of certain risks of investing in the Fund:

Market Risk. The values of securities held by the Fund may fall, sometimes rapidly or unpredictably, due to general market conditions, such as real or perceived adverse economic or political conditions, inflation, changes in interest or currency rates, lack of liquidity in the bond markets or adverse investor sentiment. Changes in market conditions will not typically have the same impact on all types of securities. The values of securities may fall due to factors affecting a particular issuer, industry or the securities market as a whole. Financial markets in the United States, Europe and elsewhere have experienced increased volatility and lack of liquidity. Governmental and non-governmental issuers have defaulted on, or been forced to restructure, their debts. These market conditions may continue, worsen or spread. The U.S. government and the Federal Reserve, as well as certain foreign governments and their central banks, have taken steps to support financial markets, including by keeping interest rates at historically low levels. More recently, the Federal Reserve has reduced its market support activities. Further reduction or withdrawal of this support could negatively affect financial markets generally, raise interest rates, increase market volatility and reduce the value and liquidity of certain securities. Whether or not the Fund invests in securities of issuers located in or with significant exposure to countries experiencing economic and financial difficulties, the value and liquidity of the Fund's investments may be negatively affected. In addition, policy and legislative changes in the U.S. and in other countries are affecting many aspects of financial regulation, and may in some instances contribute to decreased liquidity and increased volatility in the financial markets. The impact on the markets and the practical implications for market participants may not be fully known for some time. The Fund may experience a substantial or complete loss on any individual security. Particularly during periods of declining or illiquid markets, the Fund may experience periods of heavy redemptions that could cause the Fund to liquidate its assets at inopportune times or at a loss or depressed value, and could cause the remaining

shareholders in the Fund to lose money. This redemption risk is greater to the extent that the Fund has investors with large shareholdings, short investment horizons or unpredictable cash flow needs.

Equity Securities Risk. The Fund is heavily invested in stocks. Like all funds invested in stocks, the Fund's share price will fluctuate daily depending on the performance of the companies that comprise the Fund's investments, the general market and the economy overall. After you invest, the value of your shares may be less than what you paid for them.

Large Cap Companies Risk. Large-cap companies may be unable to respond quickly to new competitive challenges such as changes in technology, and also may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion. The large-cap companies in which the Fund invests may perform worse than the stock market as a whole.

Mid-Cap Companies Risk. The Fund may be invested in mid-cap companies which involve greater risk than investing in the stocks of larger, more established companies. Mid-cap companies may lack the management experience, financial resources and product diversification of large companies and the frequency and volume of their trading may be less than that of larger companies. Therefore, securities of mid-cap companies may be subject to wider and more erratic price fluctuations.

Risks of Non-U.S. Investments. Investing in non-U.S. issuers or in securities of U.S. issuers with significant exposure to foreign markets may involve unique risks compared to investing in securities of U.S. issuers. These risks are more pronounced to the extent that the Fund invests significantly in one region or country. These risks may include different financial reporting practices and regulatory standards, less liquid trading markets, currency risks, changes in economic, political, regulatory and social conditions, sustained economic downturns, tax burdens, natural disasters, and investment and repatriation restrictions.

Index Fund Risk. The Fund will invest in the stocks composing the World ex USA SRI ex Fossil Fuels Index regardless of how the Index is performing. It will not shift concentration from one industry to another, or from stocks to bonds or cash, in order to defend against a falling stock market. The Index may, at times, become focused in stocks of a particular sector, category or group of companies. Because the Fund seeks to track the World ex USA SRI ex Fossil Fuels Index, the Fund may underperform the overall stock market.

Non-Correlation Risk. The performance of the Fund and of the World ex USA SRI ex Fossil Fuels Index may vary for a variety of reasons. For example, the Fund incurs operating expenses and portfolio transaction costs not incurred by the Index. In addition, the Fund may not be fully invested in the component securities of the Index. Use of sampling techniques particularly when the Fund is small may affect the Fund's ability to achieve close correlation with the Index.

Environmentally and Socially Responsible Investing Risk. The Fund's environmental, social and governance criteria limit the available investments compared with funds with no such criteria. Under certain economic conditions, this could cause the Fund's investment performance to be worse or better than similar funds with no such criteria.

These and other risks are discussed in more detail in “Additional Information About the Funds’ Investment Objectives, Strategies and Risks” in this Prospectus and in the Statement of Additional Information.

Performance

Because the Fund has not yet commenced operations, information related to Fund performance, including a bar chart showing annual returns, has not been included in this prospectus.

The minimum additional purchase amount is \$100 by check, wire or exchange and \$50 by either an Automatic Investment Plan or online.

Tax Information

The Fund's distributions are generally taxable as ordinary income, qualified dividend income, or capital gains, unless you are investing through a tax-advantaged arrangement, such as a 401(k) plan or an individual retirement account. Such tax-advantaged arrangements may be taxed later upon withdrawal of monies from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker/dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments create a conflict of interest by influencing the broker/dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's web site for more information.

ADDITIONAL INFORMATION ABOUT THE FUND'S INVESTMENT OBJECTIVES, STRATEGIES AND RISKS

Founded by a partnership of non-profit environmental advocacy organizations, the Green Century Funds are an open-end, diversified, no-load family of environmentally conscious mutual funds. Green Century provides people who care about a clean, healthy planet the opportunity to use the clout of their investment dollars to encourage environmentally responsible corporate behavior.

THE GREEN CENTURY INTERNATIONAL INDEX FUND

The Green Century International Index Fund's investment objective is to achieve long-term total return which matches the performance of an index of the stocks of foreign companies selected based on environmental, social and corporate governance criteria.

The International Index Fund invests substantially all of its assets in the common stocks which make up the World ex USA SRI ex Fossil Fuels Index, a custom index calculated by MSCI Inc. The World ex USA SRI ex Fossil Fuels Index is comprised of the common stocks of the companies in the MSCI World ex USA SRI Index (the World ex USA SRI Index), minus the stocks of the companies that explore for, extract, produce, manufacture or refine coal, oil or gas or produce or transmit electricity derived from fossil fuels or transmit natural gas or have carbon reserves included in the World ex USA SRI Index. The World ex USA SRI Index includes large and mid-cap stocks from approximately 22 developed markets countries (excluding the U.S.). The World ex USA SRI Index is a capitalization weighted index that provides exposure to companies with what MSCI calculates to have outstanding Environmental, Social and Governance (ESG) ratings and excludes companies whose products have negative social or environmental impacts. The World ex USA SRI ex Fossil Fuels Index is a capped version of the World ex USA SRI Index that limits company concentration by constraining the maximum weight of a company to 5% of the index.

The International Index Fund seeks to include corporations with the best overall sustainability records. In constructing the World ex USA SRI Index, MSCI ESG Research evaluates a company's sustainability performance based on environmental, social and corporate governance factors. MSCI ESG Research analyzes a company's commitment to sustainability across five key categories: environment; community and society; employees and supply chain; customers; and governance and ethics. This strategy directs concerned investors' dollars towards companies that demonstrate a commitment to meeting the social and environmental needs of the present without compromising the quality of life of future generations and away from companies that flout basic standards for environmental and social responsibility and governance.

The World ex USA SRI Index also seeks to maintain broad sector representation. The weightings of the stocks comprising the World ex USA SRI Index are based upon float-adjusted market capitalization. The composition of the World ex USA SRI Index is reviewed on a regular basis in May and rebalanced in May, August, November and February. During the reviews, the companies that comprise the World ex USA SRI Index are evaluated to determine if any should be removed due to deteriorated environmental, social or governance performance. Existing constituents that do meet the eligibility criteria are retained in the World ex USA SRI Index. The criteria used in developing and maintaining both the World ex USA SRI Index and

the World ex USA SRI ex Fossil Fuels Index involve subjective judgment by MSCI. The International Index Fund is not managed in the traditional investment sense, since changes in the composition of its securities holdings are made in order to track the changes in the composition of securities included in the World ex USA SRI ex Fossil Fuels Index.

The MSCI Global SRI Indexes, including the World ex USA SRI Index, are constructed by applying a combination of values based exclusions and a Best in Sector selection process to companies in the regional indexes that make up MSCI ACWI (All Country World Index), a global equity index consisting of developed and emerging market countries. After securities involved in GMOs, firearms, military weapons, nuclear power, alcohol, tobacco, adult entertainment and gambling are excluded, MSCI's Best in Sector selection process is applied to the remaining eligible securities in the selection universe. The MSCI Global SRI Indexes target sector and region weights consistent with those of the underlying indexes. The methodology aims to include the securities of companies with the highest ESG ratings making up 25% of the market capitalization in each sector and region of the parent indexes. The selection universe for the MSCI Global SRI Indexes is the constituents of the MSCI Global Investable Market Indexes.

The International Index Fund may invest cash reserves in high quality short-term debt securities issued by agencies or instrumentalities of the United States Government, bankers' acceptances, commercial paper, certificates of deposit, bank deposits or repurchase agreements provided that the issuer satisfies Green Century's ESG criteria. The International Index Fund's policy is to hold its assets in such securities pending readjustment of its holdings of stocks comprising the World ex USA SRI ex Fossil Fuels Index and in order to meet anticipated redemption requests. The International Index Fund may also invest in such securities for temporary defensive purposes. This may adversely affect the International Index Fund's performance.

The International Index Fund buys and sells stocks periodically so that its holdings will correspond, to the extent reasonably practicable, to the World ex USA SRI ex Fossil Fuels Index. The timing and extent of adjustments in the holdings of the International Index Fund, and the extent of the correlation of the holdings of the International Index Fund with the World ex USA SRI ex Fossil Fuels Index, reflects the judgment of the International Index Fund's Subadviser as to the appropriate balance between the goal of correlating the holdings of the International Index Fund with the composition of the World ex USA SRI ex Fossil Fuels Index, and the goals of minimizing transaction costs and keeping sufficient reserves available for anticipated redemptions from the International Index Fund. To the extent practicable, the International Index Fund will seek a correlation between the weightings of securities held by the International Index Fund and the weightings of the securities in the World ex USA SRI ex Fossil Fuels Index of 0.95 or better. A figure of 1.00 would indicate a perfect correlation. The International Index Fund's ability to duplicate the performance of the World ex USA SRI ex Fossil Fuels Index will depend to some extent on the size and timing of cash flows into and out of the International Index Fund as well as the International Index Fund's expenses. The Fund may use a representative sampling strategy to achieve its investment objective, which means that it may not always hold the same securities in the same proportions as the World ex USA SRI ex Fossil Fuels Index.

Under normal circumstances and as a matter of operating policy, the Fund will invest at least 80% of its assets the component securities of the World ex USA SRI ex Fossil Fuels Index and may invest in American Depository Receipts, Global Depository Receipts and Euro Depository Receipts representing the component

securities of the Index. The Fund will provide shareholders with at least 60 days' notice of any change to its 80% investment policy.

Foreign Securities. The Fund invests substantially all its assets in foreign securities. The Fund may also invest in American Depositary Receipts (ADRs), in Global Depositary Receipts (GDRs) and Euro Depositary Receipts with respect to such foreign securities.

Foreign securities involve some special risks, such as exposure to potentially adverse local political and economic developments; nationalization and exchange controls; potentially lower liquidity and higher volatility; possible problems arising from accounting, disclosure, settlement, and regulatory practices that differ from U.S. standards; and the chance that fluctuations in foreign exchange rates will decrease the investment's value (favorable changes can increase its value). Foreign investments must be made in compliance with U.S. and foreign currency restrictions and tax laws restricting the amounts and types of foreign investments.

Portfolio Turnover. Purchases and sales are made for a portfolio whenever necessary, in management's opinion, to meet its investment objective. Higher levels of activity result in higher transaction costs and may also result in higher taxable capital gains distributions to shareholders. Frequent changes in the International Index Fund's holdings may result from the policy of attempting to correlate the International Index Fund's securities holdings with the composition of the World ex USA SRI ex Fossil Fuels Index.

Investment Restrictions. The Fund does not intend to concentrate its investments in a particular industry. However, because the Fund generally invests substantially all its assets in the component securities of the Index, if stocks in a single industry comprise more than 25% of the Index, the Fund will invest more than 25% of its assets in that industry. If the International Index Fund were to concentrate its investments in a single industry, the International Index Fund would be more susceptible to risks associated with that industry than would a fund which was not so concentrated.

The investment objective of the International Index Fund is not fundamental and may be changed without the approval of the shareholders or investors if written notice is provided to shareholders prior to implementing the change. Because of the risks inherent in all investments, there can be no assurance that the objectives of the Fund will be met. Except as stated otherwise, all investment strategies, guidelines, policies and restrictions described here and in the Statement of Additional Information are non-fundamental and may be changed without the approval of shareholders.

Portfolio Holdings Disclosure. The Fund has adopted policies and procedures which govern the timing and circumstances of disclosure to shareholders and third parties of information regarding the portfolio investments held by the Fund. The Policies and Procedures for the Disclosure of the Green Century Funds' Portfolio Holdings is included in the Statement of Additional Information.

ENVIRONMENTALLY RESPONSIBLE INVESTING

Green Century Capital Management's mission is to promote corporate environmental responsibility and to foster a sustainable economy. The three-prong strategy to achieve these goals:

- Sponsor mutual funds which strive to invest in environmentally responsible and sustainable companies.
- Advocate for more environmentally responsible policies and practices at major corporations.
- Support the non-profit public interest and advocacy organizations that founded Green Century.

The International Index Fund invests in the stocks of the companies included in the World ex USA SRI ex Fossil Fuels Index, which is comprised of the companies of the World ex USA SRI Index minus the companies that explore for, extract, produce, manufacture or refine coal, oil or gas or produce or transmit electricity derived from fossil fuels or transmit natural gas or have carbon reserves. The World ex USA SRI Index is screened to include those companies with the best sustainability records. This strategy directs concerned investors' dollars away from companies that flout basic standards for environmental and social responsibility and towards companies that demonstrate a commitment to meeting the social and environmental needs of the present without compromising the quality of life of future generations. Green Century believes this creates an incentive for companies to become better corporate citizens.

Green Century also believes that those companies which pursue the least environmentally sound practices are at the greatest long term risk of negative economic consequences, while those which strive to be more environmentally responsible may benefit financially as a result. Enterprises which exhibit a social awareness should be better prepared to meet future societal needs for goods and services and may be less likely to incur certain legal liabilities that may be charged when a product or service is determined to be harmful or when the company itself behaves in an unethical manner. Green Century believes that over the long term such enterprises should be able to provide investors with a return that is competitive with enterprises that do not exhibit such social awareness.

In constructing the World ex USA SRI ex Fossil Fuels Index, MSCI ESG Research analyzes and rates each company's environmental, social and governance performance. The ratings criteria capture a company's sustainability performance by analyzing five key categories: environment; community and society; employees and supply chain; customers; and governance and ethics.

Environmental performance criteria rate a company's management of its environmental challenges, including its effort to reduce or offset the impacts of its products and operations. Community and society criteria measure how well a company manages its impact on the communities where it operates, including its treatment of local populations, its handling of human rights issues and its commitment to philanthropic activities. Employees and supply chain criteria assess a company's record regarding labor-management relations, anti-discrimination policies and practices, employee safety and the labor rights of workers throughout the company's supply chain. Customers criteria measure the quality and safety record of a company's products, its marketing practices and any involvement in regulatory or anti-competitive controversies. Governance and ethics criteria address a company's investor relations and management

practices, including company sustainability reporting, board accountability and business ethics policies and practices. Certain industries may impose unique and onerous risks and/or costs on society. The International Index Fund does not invest in, and the World ex USA SRI ex Fossil Fuels Index excludes, companies that explore for, extract, produce, manufacture or refine coal, oil or gas or produce or transmit electricity derived from fossil fuels or transmit natural gas or have carbon reserves. Companies that are determined to have significant business involvement in the following will not be included in the World ex USA SRI ex Fossil Fuels Index: alcohol, tobacco, GMOs, civilian firearms, nuclear power, military weapons, adult entertainment and gambling. Additional or revised criteria may be identified and applied from time to time.

The Fund usually invests in many sectors of the economy, such as retail, finance, technology and consumer products. The Fund is not an environmental sector fund which invests exclusively in companies whose business derives from environmental problems (such as waste-management or incinerator manufacturers), some of which have consistently negative environmental records.

ADVOCATES FOR CORPORATE ENVIRONMENTAL RESPONSIBILITY

The Green Century Funds believe that shareholder advocacy is a critical component of environmentally responsible investing and are actively involved in advocating for greater corporate environmental accountability.

Green Century Capital Management advocates for more environmentally responsible policies at the companies in which the Green Century Funds invest, as well as at companies in which none of the Green Century Funds has invested. Green Century has worked with other environmentally conscious investors to file shareholder resolutions to preserve and protect threatened ecosystems; demand more aggressive recycling programs; advocate for more responsible environmental, health and safety policies; and support more environmentally friendly production and purchasing policies. Green Century Capital Management is committed to pursuing demands for improved corporate environmental responsibility and to fostering a sustainable economy.

THE GREEN CENTURY FUNDS SUPPORT NOT-FOR-PROFIT ADVOCACY ORGANIZATIONS

The Green Century Funds were founded by non-profit environmental advocacy organizations. Unlike other investment advisers and administrators that are privately owned for the benefit of individuals or for-profit corporations, Green Century Capital Management is owned by Paradigm Partners, a California general partnership, the partners of which are all not-for-profit advocacy organizations. This means that 100% of the net profits earned by Green Century Capital Management on the fees it receives for managing the Funds belong to these not-for-profit advocacy organizations. These revenues will be used to support public interest campaigns, such as promoting energy conservation and the use of alternative energy, fighting for improved public transportation and public health protections, campaigning to reduce the use of toxic chemicals and to improve product and food safety, and advocating for ethics reform and corporate accountability. The organizations which founded and own Green Century Capital Management are: California Public Interest Research Group (CALPIRG), Citizen Lobby of New Jersey (NJPIRG), Colorado Public Interest Research Group (COPIRG), ConnPIRG Citizen Lobby, Fund for the Public Interest, Massachusetts Public Interest

Research Group (MASSPIRG), MOPIRG Citizen Organization, PIRGIM Public Interest Lobby, and Washington State Public Interest Research Group (WASHPIRG). Green Century is the only mutual fund company founded and owned by environmental non-profits, making it a pioneer in impact investing.

MANAGEMENT OF THE GREEN CENTURY FUNDS

Green Century Capital Management pays all the expenses of each Fund except each Fund's investment advisory fees; any Distribution Plan fees; interest, taxes, brokerage costs and other capital expenses; expenses of the non-interested Trustees of the Green Century Funds (including counsel fees); and any extraordinary expenses.

For its services, the Administrator receives annual fees of 1.00% of the International Index Fund's Individual Investor Class average daily net assets and 0.70% of the Institutional Class average daily net assets. Green Century Capital Management has contractually agreed to reduce its administrative fees such that the International Index Fund's Individual Investor Class total annual expenses are limited to 1.28% of the Fund's Individual Investor Class average daily net assets and the Fund's Institutional Class total annual expenses are limited to 0.98% of the Fund's Institutional Class average daily net assets.

The Administrative Services Agreement between the Green Century Funds and Green Century Capital Management provides that it should remain in force until terminated. The Agreement may be terminated as to any Fund at any time, without the payment of any penalty, by the Board of Trustees of the Green Century Funds or by Green Century Capital Management, in each case on not less than 30 days' written notice to the other party.

Subadministrator. UMB Fund Services, Inc. (UMBFS) serves as the subadministrator of the International Index Fund. UMBFS is responsible for conducting certain administrative services for the Fund subject to the direction of Green Century Capital Management. UMBFS receives a fee from the Administrator (not the Fund).

Distributor. UMB Distribution Services, LLC, an affiliate of UMBFS, serves as the Distributor of the shares of the Fund.

Transfer Agent. Atlantic Shareholder Services, LLC (Atlantic) is the transfer agent and shareholder services provider for the Fund.

Custodian. UMB Bank, n.a. (UMB Bank) is the custodian for the Fund.

Independent Registered Public Accounting Firm. KPMG LLP is the Independent Registered Public Accounting Firm of the Fund.

HOW TO INVEST

You may invest in the Green Century Funds directly or through an intermediary, such as a financial advisor or a brokerage account.

Directly. Read the following information and complete the forms sent you with this prospectus and available online at www.greencentury.com. You may also open an account online at www.greencentury.com/invest-with-us/open-account-online. If you need additional account registration forms, call 1-800-93-GREEN, email info@greencentury.com or visit www.greencentury.com. (Click on “Forms + Documents” on the website’s home page).

Through a financial intermediary. Consult your financial advisor, broker, mutual fund supermarket or other intermediary for details on how to invest in a Green Century Fund. The financial intermediary may have different policies from those described below. An intermediary may also charge a fee for its services.

CHOOSING A SHARE CLASS

The Fund offers two share classes, the Individual Investor share class and the Institutional share class. Each share class is invested in the same portfolio of securities but each class has its own expense structure and minimums. It is more expensive to invest in the Individual Investor share class than in the Institutional share class. The minimum initial investments, as listed on page 17, are higher for the Institutional share class than for the Individual Investor share class. Individuals as well as institutions who invest \$250,000 or more may invest in the Institutional share class.

TYPES OF ACCOUNTS

Regular Investment Account

Individuals, businesses, trusts, and non-profit institutions may open regular investment accounts.

**Traditional
IRA &
Roth IRA**

Please read the Green Century Funds IRA Disclosure Statement before opening an IRA. You may contribute up to \$5500 for 2016 into a Green Century Funds Traditional IRA or Roth IRA. (If you are 50 years of age or older, the limit is \$6500 for 2016.) Individuals not covered by a retirement plan at work and people covered by a retirement plan who meet certain Internal Revenue Service (“IRS”) income guidelines may be able to deduct their contributions to a Traditional IRA from their taxable income each year. When you retire, distributions from your Traditional IRA are generally taxed as ordinary income. Roth IRAs differ from Traditional IRAs. With a Roth IRA you cannot deduct your current-year contributions from your taxable income; however, upon retirement, distributions from your Roth IRA are generally not taxed as ordinary income. More information is included in the Green Century Funds IRA Disclosure Statement.

SEP-IRA

A Simplified Employee Pension (SEP) plan allows self-employed people and small business owners to establish SEP-IRAs for the business owner and eligible employees. SEP-IRAs have specific eligibility rules and contribution limits (as described on IRS Form 5305-SEP); otherwise SEP-IRAs follow the same rules as Traditional IRAs. If you are interested in opening a Green Century Funds SEP-IRA Account, in addition to reading the IRA Disclosure Statement and filling out an IRA Account Registration Form you will also need to complete IRS Form 5305-SEP. You may obtain the 5305-SEP form at the IRS website, www.irs.gov, by calling 1-800-93-GREEN, by emailing info@greencentury.com or online at www.greencentury.com/forms-documents.

**IRA
Transfer/
Rollover**

If you have an existing IRA that you would like to transfer to the Green Century Funds, or if you have a 401(k) account with a past employer that you would like to rollover into a Green Century Funds IRA, please review the Green Century Funds IRA Disclosure Statement, complete the IRA Account Registration form AND complete the Green Century Funds IRA Transfer Request Form. More information is included in the Green Century Funds IRA Disclosure Statement.

**UGMA/
UTMA**

Uniform Gifts to Minors (UGMA) and Uniform Transfers to Minors (UTMA) accounts may provide you with tax advantages as you put aside savings for your children or other minors. To open an UGMA or UTMA account, simply use the regular Green Century Funds Account Registration form and fill in the appropriate information under the “Gift To Minor” section.

**Coverdell
Education
Savings
Account**

Coverdell Education Savings Accounts are designed to be a tax advantaged vehicle to save for a child’s educational expenses. You may open an Education Savings Account by completing the Education Savings Account Registration Form. You may also transfer an existing Education Savings Account to a Green Century Funds Education Savings Account by completing both the Registration Form and the Education Savings Account Transfer Request Form. Please read the Green Century Funds Education Savings Account Disclosure Statement for additional information before opening an Education Savings Account.

Other Account Types

If this list does not contain the type of account in which you are interested, please call 1-800-93-GREEN and let us know what you are seeking; we may be able to accommodate you.

It is the Green Century Funds' policy not to accept accounts that are an investment option of a government entity's participant-directed plan or program, as defined in Rule 206(4)-5 of the Investment Advisors Act of 1940.

HOW TO PURCHASE SHARES

Opening an Account

To help fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. When you open an account, you must provide the name, street address, date of birth, and Social Security or Tax Identification Number for each person on the account registration form. The Funds will use this information to identify you and may also ask for other identifying information.

Mail To open an account by check, please complete and sign the registration form. See also Purchases by Check on page 24. Mail the form with a check made payable to the Green Century International Index Fund (or to the Green Century Funds). Please note that there may be a delay in receipt of purchase requests sent by regular mail to a post office address.

Green Century Funds
P.O. Box 588
Portland, ME 04112

Should you wish to send the registration form and check via an overnight delivery service, use the following address:

Green Century Funds
c/o Atlantic Fund Services
Three Canal Plaza, Ground Floor
Portland, ME 04101

Online To open an account online, please go to www.greencentury.com/invest-with-us/open-account-online. Once you complete the online registration process, money to fund your new Green Century account will be transferred from the bank account you provided. The following account types can be opened online: Regular Investment Accounts (individual or joint), Traditional IRAs (except rollovers or transfers), Roth IRAs (except rollovers or transfers) and UGMA/UTMA accounts.

Before proceeding, please have the following ready:

- Your Social Security Number
- Your bank account and bank routing number (located on a check from your checking account or a deposit slip from your savings account)
- The names, dates of birth and Social Security Numbers of any account beneficiaries (for IRAs only)

Wire You may also open an account by instructing your bank to wire Federal funds (monies of member banks within the Federal Reserve System) to the Green Century Funds' bank. Your bank may impose a fee for sending a wire. The Funds will not be responsible for the consequences of delays, including delays in the banking or Federal Reserve wire systems.

Please call 1-800-221-5519 weekdays from 8:00 a.m. to 6:00 p.m. Eastern Time to obtain an account number and for more information about how to purchase shares by wire including bank wiring instructions. After calling, complete the registration form and mail it to the address given above.

Exchange *Individual Investor Class*

You may also open an account in the Green Century International Index Fund by exchanging shares with a value of \$2,500 or more (\$1,000 for an IRA, Education Savings Account or UGMA/UTMA account) from another Green Century Fund. Your new account will be established using the same name(s) and address as your existing account.

Institutional Class

You may also open an account in the Green Century International Index Fund by exchanging shares with a value of \$250,000 or more from another Green Century Fund. Further, you may open an account in the International Index Fund Institutional Class by exchanging shares with a value of \$250,000 or more from the International Index Fund Individual Investor Class. Your new account will be established using the same name(s) and address as your existing account.

To exchange by telephone, call 1-800-221-5519 weekdays from 8:00 a.m. to 6:00 p.m. Eastern Time. To exchange by letter, write to the Green Century Funds at the address given above, including the name of the Fund from which you are exchanging, the registered name(s) of ownership and address, the account number, the dollar amount or number of shares to be exchanged and the Fund into which you are exchanging. Sign your name(s) exactly as it appears on your account statement. The exchange requirements for corporations, other organizations, trusts, fiduciaries, institutional investors and retirement plans may be different from those for individual accounts. Please call 1-800-221-5519 for more information. Please note that there may be a delay in receipt of purchase requests sent by regular mail to a post office address. The Funds reserve the right to modify or terminate the exchange privilege upon 60 days prior written notice to shareholders.

If you exchange your shares within 60 days of purchase or acquisition through exchange, you will be charged a redemption fee equal to 2.00% of the net asset value of the shares exchanged. However, the redemption fee will not apply to exchanges of shares acquired through the reinvestment of dividends or distributions. To calculate the redemption fees, a Fund will use the first-in, first-out (FIFO) method to determine which shares are being exchanged. Under this method, the date of exchange will be compared with the earliest date shares were acquired for the account. The Funds reserve the right to modify the terms of, or to terminate, the fee at any time.

Certain shareholders may be eligible to exchange their shares for shares of another share class of the Fund. Generally, shareholders will not recognize a gain or loss for Federal Income tax purposes upon such an exchange. Shareholders invested via a financial intermediary should contact the financial intermediary for more information.

Automatic Investment Plan

Individual Investor Class

You may open an account with a minimum initial investment of \$1,000 if you enroll in the Automatic Investment Plan and invest a minimum of \$100 a month through the Plan. Complete and sign the registration form, including the Automatic Investment Plan section and mail it to: Green Century Funds, P.O. Box 588, Portland, ME 04112. You may also open an Automatic Investment Plan account online (Regular Investment Accounts, Traditional IRAs and Roth IRAs only) at www.greencentury.com/invest-with-us/open-account-online. You may terminate your participation in the Automatic Investment Plan at any time with written notification to the Funds at the same address. See also "Minimum Balances" on page 22.

Institutional Class

You may establish an Automatic Investment plan when you open an account. Complete and sign the registration form, including the Automatic Investment Plan section and mail it to: Green Century Funds, P.O. Box 588, Portland, ME 04112. You may also open an Automatic Investment Plan account online (Regular Investment Accounts, Traditional IRAs and Roth IRAs only) at www.greencentury.com/invest-with-us/open-account-online. You may terminate your participation in the Automatic Investment Plan at any time with written notification to the Funds at the same address. See also “Minimum Balances” on page 22.

Making Additional Investments

Mail You may make subsequent investments by submitting a check for \$100 or more with the remittance form sent to you with your account statement. You may also mail your check with a letter of instruction indicating the amount of your purchase, your account number, and the name in which your account is registered, to the following address. Please note that there may be a delay in receipt of purchase requests sent by regular mail to a post office address. See also Purchases by Check on page 24.

HOW TO SELL SHARES (REDEMPTIONS)

You can take money out of your account at any time by selling (redeeming) some or all of your shares. See also Processing Time on page 25.

Telephone

You may redeem shares by telephone (unless you chose not to allow this option on your registration form). Call 1-800-221-5519 to request a redemption. You must provide your name, address, Fund account number and Social Security number before you may redeem shares by telephone. All telephone redemption requests are recorded.

If you chose not to allow telephone redemption on your registration form and now wish to redeem by telephone, call 1-800-221-5519 for more information or download the Telephone Redemption Option form at www.greencentury.com/forms-documents.

Mail

In order to redeem your shares by mail, send a letter to the Green Century Funds and include the Fund name, the account registration name(s) and address, the account number, and the dollar amount or the number of shares you wish to redeem. Sign your name(s) exactly as it appears on your account statement. You may be required to obtain a Signature Guarantee (see below). Please note that there may be a delay in receipt of redemption requests sent by regular mail to a post office address. Mail your letter to:

Green Century Funds
P.O. Box 588
Portland, ME 04112

Online

You may redeem shares online in any non-retirement account if you have signed up for this service. Online redemption is not available for shares held in IRA accounts. See Online Services on page 23.

Important Information About Redemptions

Minimum Balances

Individual Investor Class

Shareholders are encouraged to maintain a share balance of at least \$2,500. Individual Retirement Accounts, Education Savings Accounts and Uniform Gifts or Transfers to Minors Act accounts have a \$1,000 minimum balance requirement. The Funds reserve the right, following 60 days' written notice to shareholders, to redeem all shares in accounts with balances less than the minimum. The Funds will mail the proceeds of the redeemed account to the shareholder. This provision does not apply to Automatic Investment Plan accounts. If the value of your account falls below the minimum as a result of market activity, an involuntary redemption will not be triggered.

Institutional Class

Shareholders are encouraged to maintain a share balance of at least \$250,000 for all account types. The Funds reserve the right, following 60 days' written notice to shareholders, to redeem all shares in accounts with balances less than the minimum or to convert those Institutional Class shares to Individual Investor Class shares. The Funds will mail the proceeds of the redeemed account to the shareholder. If the value of your account falls below the minimum as a result of market activity, an involuntary redemption will not be triggered.

Redemption Fee

If you redeem your shares within 60 days of purchase or acquisition through exchange, you will be charged a redemption fee equal to 2.00% of the net asset value of the shares redeemed. However, the redemption fee will not apply to redemptions of shares acquired through the reinvestment of dividends or distributions. The fee is charged for the benefit of remaining shareholders and will be paid to the Fund to help offset transaction costs the Fund may incur due to excess short-term trading in the Fund. To calculate the redemption fees, a Fund will use the first-in, first-out (FIFO) method to determine which shares are being redeemed. Under this method, the date of redemption or exchange will be compared with the earliest date shares were acquired for the account. The Funds reserve the right to modify the terms of, or to terminate, the fee at any time.

In some cases, the Funds may be offered through certain financial intermediaries whose redemption fee policies may differ from those of the Funds. If you purchase Fund shares through a financial intermediary, please contact the intermediary regarding its policies on redemption fees and market timing.

Receiving your money

By check via U.S. mail	No charge
Online (if you have signed up for this service) to the authorized bank account of record for your account	No charge
By check via overnight delivery	\$15
Wired to the authorized bank account of record for your account	\$10

Signature Guarantees

A signature guarantee—which is different from a notarized signature—is a warranty that the signature presented is genuine. You can obtain a signature guarantee from most banks, brokerage firms and savings institutions where you have an account. Be sure to ask for a “New Technology” Medallion Signature Guarantee Stamp. A notary public cannot provide a signature guarantee. A signature guarantee may be required for the signature of each person in whose name the account is registered.

You must obtain a signature guarantee in any of the following situations:

- You request in writing a redemption of \$10,000 or more
- You request a redemption check payable to someone other than the account owner(s)
- You request that a redemption check be sent to an address other than the address of record on the account
- You request a redemption and you have changed your address of record within the last 30 days
- You request a wire or electronic funds transfer to a bank account other than the bank account of record on the account
- Any change to account ownership or registration
- Adding or changing the bank account of record for the account
- Authorizing telephone redemption, if not already authorized on the account
- Authorizing online transactions, if not already authorized on the account

Green Century reserves the right to require a signature guarantee in other situations as well.

Other Account Types

The redemption requirements for corporations, other organizations, trusts, fiduciaries, institutional investors and Individual Retirement Accounts (IRAs) may be different from those for regular accounts. For more information, please call 1-800-221-5519.

ONLINE SERVICES

You may access your account, conduct transactions, and view statements online by signing up for Online Services. After opening an account, visit www.greencentury.com and click on “Access My Account.” On the login screen, click “Register Now” and follow the instructions given on the website. You will need your account number and Social Security or Tax Identification Number to register for Online Access to your account.

You also have the option of selecting electronic delivery of your account statements, shareholder reports, and other documents. If you would like to receive documents electronically, log on to your account at <https://greencentury.olaccess.com> and click “Account Detail.” If you opt for electronic document delivery, you will automatically receive an e-mail letting you know when documents are available.

If you have questions about online services or need technical assistance, call 1-800-221-5519 Monday through Friday, 8:00 am to 6:00 pm Eastern Time.

TRANSACTION INFORMATION

Purchases by Check. Checks must be made payable to the Green Century International Index Fund (or to the Green Century Funds). No third party corporate checks will be honored. For individual, joint, sole proprietorship, IRA and UGMA/UTMA accounts, checks may be made payable to one or more owners of the account and endorsed to the Fund(s). Checks also must be drawn on or payable through a U.S. bank and be in U.S. dollars. No cash deposits, travelers checks, credit card checks, money orders or counter checks will be accepted. If you purchase shares with a check that is returned due to insufficient funds, your purchase will be canceled and you will be responsible for any losses or fees incurred in the transaction.

Customer Identification Verification Procedures. Federal law requires all financial institutions, including the Green Century Funds, to obtain, verify and record information that identifies each person who opens an account. In order to open a new account, the Funds will ask you for your name, street address, date of birth, and Social Security or Tax Identification Number. If the Funds or their Transfer Agent do not have a reasonable belief as to the identity of a customer, the account may be rejected or the shareholder may be blocked from conducting further transactions on the account in accordance with applicable law until such information is received in good order. The Funds also reserve the right to close an account within 20 business days of the date the account was opened at the net asset value of the Fund on the day the account is closed if clarifying information or documentation as to the identity of the shareholder is not received. The Funds further reserve the right to close an account if, in the opinion of the Funds or their Transfer Agent, the account is suspected of being opened for fraud or money laundering purposes. The Funds or their Transfer Agent will correspond with the prospective shareholders advising them of the reasons their account has been rejected and what, if any, information as required by the USA PATRIOT Act is necessary to allow the account to be accepted.

Account Information Changes. To change the address on an account, you may call the Green Century shareholder services office at 1-800-221-5519 or send Green Century the information in writing as described below. To change any other information regarding an account (including a change of beneficiary or change in the automatic investment plan), you must send Green Century this information in writing. Please mail the new information to: Green Century Funds, P.O. Box 588, Portland, ME 04112. Include your Green Century account number, your name, address, signature and phone number, along with the new information. If you prefer, you may fax this information to: Green Century Funds, 207-347-2195. You may confirm receipt of this information by calling the Green Century shareholders services office at 1-800-221-5519.

Please note that the following account information changes require a signature guarantee:

- Any change to account ownership or registration
- Adding or changing the bank account of record for the account
- Authorizing telephone redemption, if not already authorized on the account
- Authorizing online transactions, if not already authorized on the account

Green Century reserves the right to require a signature guarantee in other situations. For more information about signature guarantees, see Signature Guarantees on page 23.

Joint Accounts. The Funds' policy on the rights of joint account owners provides that any account owner has the authority to act on the account without notice to the other account owner(s). An exception to this policy is for some corporate accounts for which two signatures are explicitly required per written instructions on file for the account. In addition, the Funds, at their sole discretion and for their protection and that of other shareholders, may require the written consent of all account owners prior to acting upon the instructions of any account owner.

Large Redemptions. If during any 90-day period, you redeem Fund shares worth more than \$250,000 (or 1% of the Fund's assets if that percentage is less than \$250,000), the Fund reserves the right to pay all or part of the redemption proceeds in-kind, that is, in securities rather than in cash. If payment is made in-kind, you may incur brokerage commissions if you elect to sell the securities for cash.

Confirmation of Transactions. All purchases and redemptions will be confirmed promptly. Usually a confirmation of your purchase or sale of Fund shares will be mailed by the second business day following receipt of your instructions.

Share Price Calculation. Once each day that the New York Stock Exchange is open for trading, the share price for each share class of the Fund is calculated. This is the share class' Net Asset Value (the NAV). Because the Green Century International Index Fund is no-load, this is also the offering price at which each share is sold. Shares are purchased and/or sold at the next share price calculated after your order is received in good form.

All purchase and redemption requests received in good order by the Fund's transfer agent are executed, without a sales charge, at the next-determined net asset value. Reinvested dividends receive the net asset value as of the ex-dividend date. Note however that if you redeem shares within 60 days of purchase, a 2.00% redemption fee will be charged. For additional information, see How to Sell Shares (Redemptions) on page 21.

Processing Time. When you redeem, the Funds will normally send your redemption proceeds on the next day the New York Stock Exchange is open for trading following the receipt of your redemption request in good order, but may take up to seven days, or longer in the following cases:

Shares Recently Purchased By Check. If you purchase shares by check and redeem them by any method within 10 days of purchase, the Funds will release your redemption proceeds when your check clears. It is possible, although unlikely, that this could take up to 10 days. If you purchase shares by Federal funds wire, you may avoid this delay.

Shares Recently Purchased by Cashier's Check. If you purchase shares by a cashier's check, the Funds will hold your redemption proceeds for fifteen business days following the purchase.

Shares Purchased by Wire. If you open an account by wire, the Funds' transfer agent will not be able to process a redemption request until it has received your completed and signed registration form.

Tax Information. A redemption of shares, including an exchange into another Fund, is a sale of shares and may result in a gain or loss for income tax purposes. An exchange of shares of one class of the Fund directly for shares of another class of the Fund normally should not be taxable for federal income tax purposes. Please see below for additional information on dividends and taxes.

Social Security or Tax Identification Number. Please complete the Social Security or Tax Identification Number section of the Funds' registration form when you open an account. Federal tax law requires the Funds to apply backup withholding to dividends, capital gains distributions and redemption and exchange proceeds from accounts (other than those of certain exempt payees) without a Social Security or Tax Identification Number and certain other information or upon notification from the IRS or a broker that withholding is required. The backup withholding rate is 28%. The Funds reserve the right to reject new account registrations without a Social Security or Tax Identification Number. The Funds also reserve the right to close, by redemption, accounts without Social Security or Tax Identification Numbers.

Telephone Transaction Liability. All shareholders may initiate transactions (except redemptions) by telephone. *To redeem shares by telephone, you must elect this option in writing. See page 21 for further information.* Neither the Funds nor any of their service contractors will be liable for any loss or expense in acting upon any telephone instructions that are reasonably believed to be genuine. In attempting to confirm that telephone instructions are genuine, the Funds will use procedures that are considered to be reasonable, including requesting a shareholder to provide information about the account. To the extent that the Funds fail to use reasonable procedures to verify the genuineness of telephone instructions, the Funds and/or their service contractors may be liable for any losses due to telephone instructions that prove to be fraudulent or unauthorized.

Policy on Market Timing. Frequent purchases, exchanges and redemptions of Fund shares (often referred to as market timing or short-term trading) may hurt Fund performance by disrupting the management of the Fund's portfolio and by increasing expenses. Because the Fund invests significantly in non-U.S. securities, it may be particularly vulnerable to the risks of short-term trading. The Funds seek to discourage market timing and protect long-term shareholders through several methods. Pursuant to policies and procedures adopted by the Funds' Board of Trustees, these methods include:

- imposing a 2.00% redemption fee on the redemption or exchange of shares held less than sixty days (for more information on the redemption fee, see page 22);
- using "fair value" pricing when appropriate so that an investor cannot purchase, redeem or exchange Fund shares at a price that does not reflect the fair value of a Fund's portfolio;
- monitoring shareholder account activity in order to detect patterns of frequent purchases, exchanges and sales, including those that appear to be made in response to short-term fluctuations in share price or in order to improperly avoid the imposition of the redemption fee; and
- reserving the right to restrict or reject, limit, delay, or impose other conditions on, any exchange or purchase or to close a shareholder account based on a suspected history of market timing or if any particular transaction may adversely affect the interests of a Fund or its shareholders.

The Funds and Green Century Capital Management seek to apply the above fees and restrictions uniformly and will not waive them for any account. Neither the Funds nor Green Century Capital Management will enter into any arrangements to permit market timing in the shares of the Funds.

The Funds may not know the identity of shareholders in omnibus accounts and must rely on the assistance of the financial intermediary in whose name the account is held (a broker-dealer or retirement plan, for example). The Funds and/or their distributor or administrator, as appropriate and in accordance with applicable law, have entered into agreements with financial intermediaries requiring the intermediaries to collect the redemption fee and to provide certain information to help identify market timing activity and to prohibit further purchases or exchanges by a shareholder identified as having engaged in market timing. Because the Funds may not be able to detect all instances of market timing, particularly in omnibus accounts and where an investor may attempt to conceal its identity, the Funds cannot guarantee that they will be able to deter all instances of market timing or entirely eliminate short-term trading in shares of the Funds.

Reservations. The Fund may stop offering its shares for sale at any time and may reject any order for the purchase or exchange of shares. The Fund may also modify the conditions of purchase at any time. The Fund reserves the right to waive the minimum investment requirements; accounts opened with less than the minimum required amount may be subject to the minimum balances provisions. (See page 22). The Fund reserves the right to revise or terminate the telephone redemption privilege at any time, without notice. If the Fund suspends telephone redemption privileges, or if you have trouble getting through on the phone, you will still be able to redeem your shares by mail.

SHAREHOLDER ACCOUNT STATEMENTS

Shareholders will receive quarterly statements showing all account activity during that quarter, including dividends. Additional purchases and redemptions will be confirmed promptly, usually by the second business day after the purchase or redemption request is received. Automatic reinvestments of distributions and systematic investments and withdrawals may be confirmed only by quarterly statements. The Green Century Funds will send you detailed tax information on the amount and type of their dividends and distributions each year.

HOUSEHOLDING OF THE FUNDS' MAILINGS TO ACCOUNTS HELD THROUGH FINANCIAL INTERMEDIARIES

For accounts held through financial intermediaries: To reduce expenses, the Funds may mail only one copy of the Funds' Prospectus, each Annual and Semi-Annual Report and other regulatory documents to addresses at which two or more accounts are registered. If you wish to receive individual copies of these documents, please telephone 1-800-221-5519 or contact your financial institution. The Funds will begin sending you individual copies thirty days after receiving your request.

DIVIDENDS AND TAXES

The Fund normally declares and pays income dividends, if any, semi-annually in June and December and distributes net capital gains, if any, once a year in December. The Fund intends to distribute substantially all of its income and net capital gains.

You may opt to receive distributions in cash (via check) or have them reinvested in additional shares of the Fund. Dividends and capital gain distributions are automatically reinvested unless you request otherwise. If you invest in an Individual Retirement Account (IRA), all dividends and capital gains distributions must be reinvested; however, if you are over 59½ years old, distributions from IRA accounts may be paid to you in cash (via check).

The following discussion is very general. You may wish to consult a tax adviser regarding the effect that an investment in the Fund may have on your own tax situation.

Taxability of Distributions. As long as the Fund qualifies for treatment as a regulated investment company (which it intends to do), it pays no federal income tax on the earnings it distributes to shareholders.

Unless you hold your shares in a tax-advantaged account (including a retirement account such as an IRA) you will normally have to pay federal income taxes, and any state or local taxes, on distributions you receive from the Fund, whether you take the distributions in cash or have them reinvested in additional shares. Non-corporate shareholders may be taxed at rates of up to 20% on distributions reported by the Fund as “qualified dividend income”. “Qualified dividend income” generally is income derived from U.S. corporations or certain foreign corporations that are either incorporated in a U.S. possession or eligible for benefits under certain U.S. income tax treaties. In addition, dividends that the Fund receives in respect of stock of certain foreign corporations may be “qualified dividend income” if that stock is readily tradable on an established U.S. securities market. Distributions reported as capital gain dividends are taxable as long-term capital gains without regard to the length of time you have held your shares. Long-term capital gains are generally taxed to non-corporate shareholders at rates of up to 20%. Other distributions are generally taxable as ordinary income. Some dividends paid in January may be taxable as if they had been paid the previous December. Since the Fund’s income is derived primarily from non-U.S. investments, it is not expected that a substantial portion of dividends paid by the Fund will qualify for the dividends-received deduction for corporations.

A 3.8% Medicare contribution tax generally applies to all or a portion of the net investment income of a shareholder who is an individual and not a nonresident alien for federal income tax purposes and who has adjusted gross income (subject to certain adjustments) that exceeds a threshold amount. This 3.8% tax also applies to all or a portion of the undistributed net investment income of certain shareholders that are estates and trusts. For these purposes, dividends, interest and certain capital gains are generally taken into account in computing a shareholder’s net investment income.

If the Fund meets certain requirements with respect to its holdings, it may elect to “pass through” to shareholders foreign taxes that it pays, in which case each shareholder will include the amount of such taxes in computing gross income, but will be eligible to claim a credit or deduction for such taxes, subject to generally applicable limitations on such deductions and credits. The Fund’s investment in certain foreign securities or foreign currencies may accelerate Fund distributions to shareholders and increase the distributions taxed to shareholders as ordinary income.

After the end of each year, the Green Century Funds will send you detailed tax information on the amount and type of distributions and dividends you received during that year.

Distributions by the Fund will reduce the Fund's net asset value per share. Therefore, if you buy shares shortly before the record date of a distribution, you may pay the full price for the shares and then effectively receive a portion of the purchase price back as a taxable distribution.

If you are neither a citizen nor a resident of the United States, the Fund will withhold U.S. federal income tax at the rate of 30% on taxable dividends and other payments that are subject to such withholding. You may be able to arrange for a lower withholding rate under an applicable tax treaty if you supply the appropriate documentation required by the Fund. This 30% withholding tax will not apply to dividends that the Fund reports as (a) interest-related dividends, to the extent such dividends are derived from the Fund's "qualified net interest income," or (b) short-term capital gain dividends, to the extent such dividends are derived from the Fund's "qualified short-term capital gains." "Qualified net interest income" is the Fund's net income derived from U.S.-source interest and original issue discount, subject to certain exceptions and limitations. "Qualified short-term gain" generally means the excess of the net short-term capital gain of the Fund for the taxable year over its net long-term capital loss, if any.

The Fund is also required in certain circumstances to apply backup withholding on dividends, redemption proceeds and certain other payments that are paid to any shareholder (including a shareholder who is neither a citizen nor a resident of the United States) who does not furnish to the Fund certain information and certifications or who is otherwise subject to backup withholding. The backup withholding rate is 28%. Backup withholding will not, however, be applied to payments that have been subject to the 30% withholding tax described in the preceding paragraph. Prospective investors in the Fund should read the Fund's account registration form for additional information regarding backup withholding of federal income tax.

Unless certain non-U.S. entities that hold the Fund's shares comply with IRS requirements that will generally require them to report information regarding U.S. persons investing in, or holding accounts with, such entities, a 30% withholding tax may apply to the Fund's distributions payable to such entities and, after December 31, 2018, redemptions and certain capital gain dividends payable to such entities. A non-U.S. shareholder may be exempt from the withholding described in this paragraph under an applicable intergovernmental agreement between the U.S. and a foreign government, provided that the shareholder and the applicable foreign government comply with the terms of such agreement.

Taxability of Transactions. When you redeem, sell or exchange shares, it is generally considered a taxable event for you. Depending on the purchase price and the sale price of the shares you redeem, sell or exchange, you may have a gain or loss on the transaction. You are responsible for any tax liabilities generated by your transactions.

VALUATION OF SHARES

The net asset value per share of each class of the Green Century International Index Fund is computed by dividing the value of the Fund's total assets, less its liabilities, attributable to each class by the total number of shares outstanding of each class.

The Fund uses a fair value model developed by an independent pricing service to assist in valuing non-U.S. securities. On a daily basis, the pricing service recommends changes, based on a proprietary model, to the closing market prices of each non-U.S. security held by the Fund to reflect the security's fair value at the time the Fund determines its net asset value. The Fund applies these recommendations in accordance with procedures approved by the Board of Trustees.

The valuations of securities traded in non-U.S. markets will often be determined as of the earlier closing time of the markets on which they primarily trade. When the Fund holds securities or other assets that are denominated in a foreign currency, the Fund will normally use the currency exchange rate as of 4:00 p.m. Eastern Time. Non-U.S. markets are open for trading on weekends and other days when the Fund does not price its shares. Therefore, the value of the Fund's shares may change on days when you will not be able to purchase or redeem Fund shares.

When a market price is not available, or when the Fund has reason to believe that the price does not reflect market realities, the Fund may value securities instead by using methods approved by the Board of Trustees. In such a case, the Fund's value for a security may be different from quoted market values. The Fund may use fair value pricing if, for example, the exchange on which a portfolio security is principally traded closes early, trading in a particular security is halted during the day and does not resume prior to the time the Fund calculates the NAV for each share class, a portfolio security is thinly traded or a security's issuer is in default or bankruptcy proceedings.

The net asset value per share of each share class of the Fund is determined every business day as of the scheduled close of regular trading of the New York Stock Exchange (usually 4:00 p.m. Eastern Time). If the New York Stock Exchange closes at another time, the Fund will calculate the NAV of each share class as of the scheduled closing time. For share prices 24 hours a day, visit www.greencentury.com.

SHARES AND VOTING RIGHTS

As with other mutual funds, investors purchase shares when they invest money in a Fund. Each share and fractional share of a class of the Fund entitles the shareholder to:

- Receive a proportional interest in the assets of the Fund allocable to that class
- Cast one vote for each dollar of net asset value (number of shares owned times net asset value per share) represented by a shareholder's shares in a class of the Fund on certain Fund matters. Shares of the Fund vote together as a single class on certain matters, including the election of the Funds' trustees and changes in fundamental policies. Share classes have exclusive voting rights with respect to matters affecting only that class.

The Funds are not required to hold annual meetings and, to avoid unnecessary costs, do not intend to do so except when certain matters, such as a change in its fundamental policies, must be decided. If a meeting is held and you cannot attend, you may vote by proxy. Before the meeting, the Funds will send you proxy materials that explain the issues to be decided and include instructions on voting.

FINANCIAL HIGHLIGHTS

The Fund has not begun operations as of the date of this Prospectus and has not issued financial statements.

PRIVACY POLICY

The Green Century Funds respect the privacy of our shareholders and customers. Our policy is to safeguard the personal information you have entrusted to us.

We collect nonpublic personal and financial information from you for the purpose of opening and maintaining a Green Century Funds shareholder account. The information we collect may include your name, address, Social Security Number, birth date, telephone number, email address, and/or bank account number. This information may come from your request for Green Century literature, your account registration forms, transactions in your account and other correspondence.

We do not sell any information about our current or former customers to third parties. Green Century may share your personal and financial information with third parties only:

- When authorized by you.
- As required or otherwise permitted by law.
- To process transactions and service your account.

The third parties with whom we may share your personal and financial information, as described above, may include:

- Affiliated and non-affiliated service providers (for example, the Funds' Transfer Agent and printing and mailing providers who process transactions and service your account);
- Government agencies, other regulatory bodies and law enforcement officials (for example, for tax purposes or for reporting suspicious transactions); and,
- Other organizations, as permitted by law (for example, for fraud prevention).

Our contracts with service providers require them to maintain the confidentiality of your information.

Green Century restricts access to nonpublic personal and financial information about you to those employees who need to know that information in order to provide products or services to you. We require our employees to guard the confidentiality of your information and we maintain policies and procedures to safeguard your nonpublic personal and financial information.

Privacy Online. Just as we protect your personal and financial information collected on account registration forms and other correspondence, we also employ security measures to protect your information while you view your account or conduct transactions online. Our online account access website provides a secure platform to prevent unauthorized access to your information. Your Internet browser provides additional security by allowing us to use Secure Socket Layer (SSL) encryption up to 128-bit length encryption (the most secure system currently available) when transmitting your information. In an effort to provide the highest degree of security for your information, we strongly recommend the use of 128-bit encryption browsers. Versions of Mozilla 2.0 and higher, and Microsoft Internet Explorer 6.0 and higher provide this level of security.

Encryption is the process for scrambling your identification and account information as it passes between our system and your computer. The encryption process is built into most Internet browsers. The larger the number of bits for encryption (e.g. 40 or 128) the more difficult (exponentially) it is for an unauthorized person to unscramble the transmission. The highest level of encryption commercially available is 128-bit and is what we recommend to access your information.

Notice. Green Century will provide you notice of our Privacy Policy annually, as long as you maintain an account with us. Green Century reserves the right to make changes to this policy. We will notify you in writing before we make changes that affect the way we collect and share your information. If you have chosen to receive Green Century documents electronically, we will provide notification to you via email. We will notify you through periodic updates of our Privacy Policy online when we make changes that affect the security measures we employ to protect your information while viewing your account information or conducting transactions online.
